

...When you want to be heard on the trade show floor...

Let Our Parrots Do The Talking!

Presenting the
Eye-Catching & Talented Parrots of

THE JACKPOT BIRD SHOW!

Wow the crowd with these absolutely stunning parrots not just on display, but **interacting** with **your products** and **your customers**.

After your reps are finished, your prospects can appear in a memorable souvenir photo framed by your logo and contact info, which will be emailed to them after the show, a perfect opportunity to follow up that lead *and offer them a Post-Show Special*.

Our 20 years of experience gathering and interacting with crowds will draw so many potential customers into your booth, your sales staff will have a hard time keeping up.

These *booth chicks* will not only increase your traffic, but can also integrate your products and selling points into a short program that is guaranteed to be remembered.

Entertain your special guests and VIPs with a customized show featuring your products and message, suitable for your hospitality room or an off-site venue.

"Their birds are incredibly talented...
the show is brilliant and would be great fun for any event."
